EXPERIENCE

Senior Visual Designer | May 2021 - Present
Avaloq, Berlin

- Creating visually engaging user interfaces that make user tasks and information easy to find, easy to understand and easy to read. Generating clear ideas, working collaboratively with other designers to ensure a consistent user experience.

UX/UI Designer in Training | May 2020 - April 2021
Career Foundry, Berlin

- I completed an in-depth and intensive course to become a certified UX/UI Designer with Career Foundry. In order to further develop my skill-set in the digital world of design and to broaden my horizons, I also completed a UX course in Voice User Interface Design for Alexa.

Senior Graphic Designer | Sept 2014 - March 2020
Dentons, Berlin

- Working for global creative services team based in Berlin. Ensuring brand and collateral are consistent across all offices. Acting as senior designer and mentor to junior staff. Working closely with creative teams in Warsaw, Glasgow and the U.S.

Graphic Designer | March 2003 - Sept 2014
Calfordseaden, London

- Sole designer for a construction consultancy; responsible for all printed marketing literature, website, conferences, submission documents, marketing emailer's and invitations. Creation and implementation of brand design guidelines.

Strengths

A popular and loyal team member who can work alone or in collaboration with others.

A communicator on all levels and a sense of humour that try's to lighten the load.

Reliable, going the extra mile when needed to deliver beyond expectations.

DTP/Design Manager | July 2002 - March 2003

Pinsent Masons, London

- Responsible for all printed marketing material, exhibition stands and seminar/events information. I held a responsible role where I needed to manage numerous projects efficiently at any one time. I was also responsible for the training of one member of staff who was my deputy in times of absence and leave.

Graphic Designer | August 2000 - March 2003

KPMG, London

- Working in a team producing presentations and various printed literature for proposals and internal information. Responsible for ensuring printed materials were compliant with company guidelines and produced to the highest standards. Mentor to junior members of the team.

Graphic Designer | June 1996 - August 2000

Banner Business Supplies, Norwich, England

- Working as part of a team to produce the award winning 500 page catalogue; mail-shots, brochures, newsletters, packaging designs and brand design. Management of 4 freelance staff ensuring that deadlines and quality were met.

Junior/Graphic Designer | July 1990 - June 1990

Employment Service, London

- Producing various types of publicity material from drafts, basic text, original artwork and narrative instructions for use in offices throughout the country.

Print Production Assistant | May 1987 - July 1990

Midas Direct Advertising, London

- Print Buyer/Production Assistant for Advertising Agency; responsible for print jobs from rough artwork through to a finished campaign. I needed to be in close contact with clients, printers, art studios and other suppliers throughout the production process.
